

# Accessories for IP Camera

IP Camera housing for outdoor use - Code 8E4385

- Enclosure for **outdoor installations**
- **Protects** your cameras from humidity and inclement atmospheric events

## DESCRIPTION

IP66 aluminium housing with integrated thermoregulation group for **outdoor installations**, even in places with adverse weather conditions, suitable for Digicom **IPCAMERA 100W** (8E4392) and **IPCAMERA 300W** (8E4387).

In the package you will find the accessories for the use of the wireless cameras equipped with I/R leds.

A special lens screen allows the camera **night vision** and a proper antenna allows the operation of the camera with the best WLAN condition.

A special Ethernet cable and a power cable complete the accessories for installation in any condition and mode.

A **support bracket** for the **wall mounting** allows the **rotation of the camera at 360°** horizontally and **210°** vertically.
