# *Michelangelo OFFICE*

DESCRIPTION

Michelangelo OFFICE is an ADSL Router with a built-in 4 ports switch 10/100 Mbps ideal for SOHO (Small Office Home Office) applications over the ADSL line.

It supports the most popular ADSL protocols and has got routing features to carry out and configure your LAN in the best way.

Thanks to the Web based configuration, Michelangelo OFFICE can be simply and quickly configured from Windows®, Macintosh®, Linux, etc., using a common browser (Explorer, Netscape, etc.)

You don't need to connect several times at a day to send and receive the e-mails as your Internet connection will be always on and the telephone line always free for faxes and calls, etc.

Using Michelangelo OFFICE you will exploit all the advantages of the ADSL connection and you will be able to download images, videos and mpeg files in few seconds.

Code: 8E4127

- **Asymmetric data speed**
- **Downstream max. speed 8Mbps (dmt)**
- **Upstream max. speed 1Mbps (dmt)**
- **ADSL Standard: ANSI T1.413 Issue 2, ITU G.992.1 (G.dmt), ITU G.992.2 (G.Lite)**
- **Supported protocols: RFC2364 (PPPoA), RFC2516 (PPPoE), RFC1483 (Bridged and Routed Ethernet over ATM)**
- **ATM UNI3.1/4.0 PVC, ATMSAR, ATM AAL5 and OAM F5 support**
- **ADSL WAN Interface: RJ11 connector**
- **Built-in 4 ports switch 10/100Mbps**
- **MDI/MDI-X on all ports**
- **Packet Filtering (block & forward)**
- **DMZ support and VPN Passthrough**
- **NAT and NAT Export support**
- **DHCP server and client**
- **Static Routing and RIPv2**
- **PAP and CHAP authentication**
- **Upgradable via FTP TFTP**
- **Web based configuration**
- **Remote configuration**
- **LAN, ADSL and ATM Auto-diagnostics functions**
- **Power supply: 12VDC through external power supply 220Vac**
- **User's manual**
- **CE mark**
