

Tintoretto TA PCI

DESCRIPTION

The fast and cheap ISDN solution for Windows®.

Tintoretto TA PCI takes only a few minutes to connect to the Internet at 128/64 Kbps over ISDN.

Two channels? Two functions!

It can automatically send or receive fax while connected to the Internet or can be used as a digital answering machine and speakerphone.

Tintoretto TA PCI is a passive ISDN card that uses the PC CPU power. The files transfer is quick and secure thanks to the Euro File Transfer support.

Installation and setup are very easy thanks to the Windows® Plug&Play technology.

RVS It is supplied with voice/data/fax software for Windows® (RVS-COM Lite).
